Will Ask General Assembly
to Alter Records of Pro-
ceedings of Feb. 27th.

SESSION RECONVENES TODAY

SPRINGFIELD, MARCH 11.—Senator Kent E. Keller of Ava, will make an attempt tomorrow to get in the records his claim that Colonel James Hamilton Lewis, was elected for the long term United States senatorship on February 27th, last. It is the intention of Senator Keller to ask the general assembly to alter the records of the proceedings of Feb. 27th so as to show that 115 members were present at the joint session when Colonel Lewis received 66 votes for senator, while the Republicans and Progressives sat silent in their seats.

As the senate and house journals now read, only the 71 members who voted on the eighth joint ballot were present at the time and there is no record of a quorum being present at the time.

Since inaugurating his activity in behalf of Colonel Lewis, Senator Keller has secured a list of members of the assembly, who it is asserted were physically present at the time the eighth joint ballot was taken. This includes 115 names and was compiled by Democratic members from their memory as to who were present at the time.

Said Senator Keller that he does not expect to be able to secure the correction but when it is voted down, he will serve notice of the claim that Colonel Lewis was legally elected United States senator at that time and will notify the assembly that if anyone else is elected to fill the long term senatorship at a later date, the election will be contested in behalf of Colonel Lewis. Judge Sherman has written a letter to Governor Dunne urging him to fill the chairmanship of the board of administration as quickly as possible so that Judge Sherman may obtain a needed rest. The presence of Fred Kern of Belleville, in the city today, led to the report that Mr. Kern will be appointed tomorrow to succeed Judge Sherman. It is known that Governor Dunne looks upon Former Mayor Kern as one of the strongest and most influential down-state Democrats, and being an original Dunne man, it is generally conceded that he will be rewarded with this choice plum.

Members of the Progressive party held a conference tonight. They discussed the United States senatorship at some length but adjourned until 3 o'clock tomorrow afternoon without taking action.

Will Go to New York.

The senate committee investigating the "white slave" evil will go to New York city next week, to consult with William Rockefeller, Jr., regarding the suppression of the evil. An announcement to this effect was made this morning by Senator Edmund Beall of Alton, a member of the committee and introducer of the resolution under which the investigation was started.

"The newspapers have told only a part of the story," said Senator Beall. "The situation is more appalling than mind can conceive of. Hundreds of terrifying stories were related to the members of the committee, many of which were taken in confidence because the persons involved could not stand for publicity."

"We have not only the moral endorsement, but the active aid, if need be, the financial support, of a number of the best people of the country in this investigation. While the committee had only one employee, and that is an investigator employed at \$75 a week, eight women are assisting us, all of them familiar with the work and giving their services voluntarily to the movement."

The trip to New York will not be made until next week because Senator Beall and some of the other committee members will be busy with other work this week. A sub-committee of the senate elections committee, of which Senator Beall is a member, will go to Peoria next Thursday to take evidence in the Boulware-Dailey senate contest. Another sub-committee will go to St. Louis to take evidence in the contest brought against Senator Kent E. Keller, who is charged with being a citizen of Missouri and voting in St. Louis.

Said Senator Beall has called a meeting of the fish and game committee of the senate, of which he is chairman, to be held at 5 o'clock tomorrow evening in the Leland hotel. At that time the members of the state fish commission will meet with the committee and submit their recommendations for legislation at the present session.

RADICAL CHANGES IN RULES PROPOSED

CHANGE IN HOUSE RULES WILL BE
PROPOSED IN COMMITTEE REPORT

A Record of All Votes in Committee Meetings Shall Be Preserved and a Public Record of Such Voting Will Be Kept if Change of Rules Go Through.

SPRINGFIELD, MARCH 11.—Radical changes in the house rules will be proposed in the report of the committee on rules, which will be laid before the house tomorrow morning. The report will lie over until Thursday and in the meantime will be printed so that the members may have opportunity to study it before voting upon its adoption. Among the more radical of the changes proposed, is that a record of all votes in committee meetings shall be preserved, and a public record of such voting shall be kept in the secretary's office and available for inspection at any time.

It is also provided in the committee's draft of rules, that every person appearing before a committee either in support of or opposition of a bill must state who he represents and why he appears before the committee. It is also required that all committee meetings shall be opened to the public. A new committee to handle the question of public utilities is created under the rules.

A majority of a quorum may call a bill out of committee at any time by giving one day's notice with the clerk of the house that such action is desired. It is also provided that administration measures are to be given the right at all times.

Provision is made that roll call may be had upon application to the speaker by five members, either before or after a vote has been taken. Heretofore, it was necessary to ask for a roll call before a vote was taken.

ANARCHIST BANDIT IS CAPTURED AT STREET FAIR

Is Wanted in Connection With the
Assassination of the Editor of a
Paris Anarchist Paper.

Paris, March 11.—The anarchist bandit Lacombe, for whom the police throughout France have been searching for several months, was arrested in Paris this afternoon while he was enjoying himself at a street fair in the district of Lavilllette. He is wanted in connection with the assassination of M. Ducret, editor of the Free Idea, an anarchist newspaper.

When it was learned that Lacombe had been taken, a crowd gathered and made a determined attempt to liberate him. It required a strong force of police to get him to detective headquarters without injury. There Lacombe was interrogated by the examining magistrate, M. Drioux, to whom, it is understood, Lacombe admitted having killed Ducret, as well as the postmaster at Bezons and a railway employe at Orleans.

When arrested Lacombe had in his pockets a small dynamite bomb, two dynamite cartridges, two heavy automatic pistols and supply of ammunition.

WANAMAKER PAYS GOVERNMENT \$100,000

Makes Up Sum of What U. S. Treasury Has Been Defrauded During Last 15 Years.

Washington, March 11.—John Wanamaker the Philadelphia and New York merchant has paid to the government \$100,000 to settle sums of what the treasury had been defrauded during the last 15 years through irregular practices in the importation of samples of merchandise.

Treasury agents working up the investigation were confronted with the difficulties of finding records for the entire time involved, but upon the records of five years the government's losses were approximated and settlement voluntarily offered by Mr. Wanamaker was accepted as covering the entire period over which the practices extended.

It was found that it had been the practice of the customs examiner at Philadelphia to pass samples at no value or an intrinsic one. While the amount in each case was negligible compared to the volume of importations, in a period of years, it amounted to a considerable sum.

The treasury department it was said that no intent to defraud the customs had been shown and that Mr. Wanamaker co-operated in every way with the treasury officials to reach an estimate of the government's loss.

and immediately following a short conference with several of his friends gave out a statement denying the report that he is about to retire voluntarily from the senatorial race. Col. Lewis declared the statement was untrue in every respect.

Referring to the eighth ballot, taken on February 27th, Colonel Lewis said he "appreciated the intention of his friends as to the parliamentary election and can agree with them on the legal contention, but, he added, he would under no circumstances claim for himself any advantage from the misunderstanding or accidental breach of an agreement. He expressed full confidence in his ultimate election."

APPOINTMENTS MAY MEET OPPOSITION

Republicans Insist That
Appointments be Acted
Upon by Committee

NONE ARE CONFIRMED

Delay in Confirming Appointees
Gives Democrats Much
Concern

COMMITTEES SOON COMPLETE

WASHINGTON, MARCH 11.—A hint of opposition to President Wilson's appointments came in an executive session of the senate to day when Republican senators insisted that appointments be acted upon by the senate committee before being taken up for confirmation. As a result, no appointments were confirmed, although those of Daniel C. Rorer, Alexander M. Dockery and James I. Blakesley, appointed respectively as first, third and fourth assistant postmasters general, were ready for action.

The appointments made by President Wilson had been referred to the committees yesterday. When the senate went into executive session to day, Senator Bankhead offered the Dockery appointment for confirmation, Senator Penrose, the Blakesley appointment and Senator Smith of South Carolina, the Rorer appointment.

Senator Townsend of Michigan asked whether the full committee on appointments had acted on the appointments. Democratic leaders answered that the usual custom was being followed of reporting the appointments after the lapse of one day, but without the formality of a committee meeting. As the result of Senator Townsend's objection the names were at once withdrawn and arrangements made for a committee meeting.

Republican senators said tonight that there was no purpose on their part to conduct any direct opposition to the Wilson appointments such as the Democrats did to the Taft appointments in the last session.

To day's development, however, has given concern to the Democrats.

Work Near Completion.

Senator Kern, the Democratic leader, announced to day that the steering committee expected to complete its work on the new senate committee in full Thursday. The session was in session until half an hour and adjourned until Thursday at two o'clock. It is expected that officers will be elected then and all committees named and that the senate will be prepared to bring the special session to an end.

The Democratic committee of nine worked throughout the day trying to complete the committee assignments but any obstacles have been encountered, particularly in the organization of the new committee on banking and currency which is to take from the finance committee the problems of currency reform. The hard fight that is being made by Senator Tillman for the chairmanship of the appropriations committee has also been an important factor in delaying the completion of the "steering" committee's work. Persistent efforts have been made to induce Senator Tillman to give up his claim to this post. It was declared tonight that no definite conclusion had been reached as to whether or not he shall have the chairmanship.

Will Not Revoke Order.

Washington, March 11.—Secretary of the Interior Lane, to day announced that he would not revoke order of former President Taft withdrawing 18,333 acres of reservoir sites in the state of Washington, as he had been urged to do, without first giving those interested an opportunity to be heard. In a letter to Senator Poinexter of Washington the secretary said:

"This action by the federal government was initiated in response to the request of citizens of your state and in view of the recent action of the Washington legislature reserving all waters in Wenatchee watershed it illustrates the type of co-operation between state and nation necessary to promote highest utilization and development."

No Urgent Business.

While there are some routine matters of administration in connection with the Philippines requiring attention at the hands of the new secretary of war, nothing of an urgent character is included in the list. There is a vacancy in the personnel of the Philippine commission—that of commissioner of commerce and police—but the duties of this position are now being discharged by Mr. Branagan, one of the attached commissioners who can continue in that capacity indefinitely.

May Be Purchasing Agent.

It was announced unofficially to day that Richard E. Eberston of New Jersey had been agreed upon for appointment as purchasing agent of the postoffice department. Mr. Taft named Frederick H. Austin, a Democrat for the place, but he was not confirmed.

TREATS FIFTY-SIX PATIENTS IN CANADA

FRIEDMANN GIVES DEMONSTRATION
BEFORE ROYAL EDWARD INSTITUTE

Cases Treated Represented the Three
Divisions of Tuberculosis Infection
With Patients of All Ages From
Extreme Youth to Middle Age.

MONTREAL, MARCH 11.—Dr. Friedrich Friedmann of Berlin demonstrated this treatment for tuberculosis upon fifty-six patients at the Royal Edward institute today in the presence of a representative gathering of persons.

Dr. Friedmann's patients were selected from a list of ninety odd cases.

Dr. Friedmann's methods were followed with the closest attention by the fifty or more physicians present.

The cases represented the three main divisions of tuberculosis infection—pulmonary, glandular and bone or joint affection—and ranged from the early stages of the disease to somewhat advanced cases of several years duration.

The youngest patient was a 14-month-old baby girl and the oldest was a man of about 50. One of the most interesting cases was that of the 4-month-old girl, who had been a sufferer for about two months from the disease. The vein of the arm was so tiny that Dr. Friedmann found it impossible to make the usual intravenous injection, and he performed the rarely attempted operation on so young a child of inserting the needle in a vein of the neck while in this case he made an extra injection in the hip. The little one bore the ordeal well and Dr. Friedmann remarked in a confident tone that its complete recovery might be expected.

CLAIMS BOMHARDT WAS RESPONSIBLE FOR EXPLOSION

Witnesses Testify First Explosion
Occurred When Hook Is Swung In-
to Box of Dynamite.

Baltimore, Md., March 11.—Norris Price, a stevedore, testified tonight before a stevedore jury, which is investigating the blowing up of the Alum Chine last Friday, declared that William Bomhardt, assistant foreman of the stevedores, was responsible for a first explosion, which preceded the destruction of the boat.

Becoming angry that the manner in which the men were working, Bomhardt, according to the witness, muttered an oath, grabbed a cotton hook from a stevedore and swung it into a box of dynamite.

"There was a small explosion," said Price. "It sounded like a pistol shot, and then I saw smoke issuing from the hatchway. I did not stop to see any more, but jumped overboard."

The witness said the second explosion took place ten minutes later. Price said the gang of stevedores smoked in violation of orders while aboard the barge loaded with dynamite on its way to the Alum Chine.

Five other stevedores corroborated in every detail Price's story of the circumstances leading up to the first explosion.

MOUNTED POLICE PARTOL CITY

Erie, Pa., March 11.—Mayor Wm. J. Stern, late today ordered mounted police to patrol that section of the city where this morning striking stove makers and strike breakers battled. During the fight May Slosser, aged 17, was shot in the right leg; John Engle, foreman of an iron works, was knocked down by a brick, and another man shot in the arm. A squad of police stopped the rioting and arrested three strikers. Following the arrests five hundred strikers held an indignation meeting. They claim the shooting was done by strike-breakers. The striking stove makers are demanding a complete union system in Erie. It is said that nearly 1,000 men are out, the strike affecting about a dozen manufacturing concerns.

CROWD BREAKS UP SUFFRAGETTE MEETING

Nottingham, England, March 11.—A hostile crowd broke up a suffragette meeting here tonight. Miss Annie Kenney and others attempted to speak but could not get a hearing. Windows were smashed and banners torn down and the platform stormed. The police took Miss Kenney and her friends secretly out of the building by a rear exit to escape the violence of the mob.

WILSON FORMALLY STATES HIS POLICY

Statement of His Policy
Toward Central and South
American Republics

FOR GOOD OF CONTINENTS

Seeks Relationship Between
the Two Continents Which Will
be to Advantage of Both

STATEMENT READ TO CABINET

WASHINGTON, MARCH 11.—President Wilson today issued this formal statement of his policy toward the Central and South American republics:

In view of questions which are naturally uppermost in the public mind just now, the president issued the following statement:

"One of the chief objects of my administration will be to cultivate the friendship and deserve the confidence of our sister republics of Central and South America and to promote in every proper and honorable way the interests which are common to the peoples of the two continents. I earnestly desire the most cordial understanding and co-operation between the peoples and leaders of America and therefore deem it my duty to make this brief statement:

"Co-operation is possible only when supported at every turn by the orderly processes of just government based upon law not upon arbitrary or irregular force. We hold, as I am sure all thoughtful leaders of Republican government everywhere hold, that just government rests always upon the consent of the governed and that there can be no freedom without order based upon law and upon the public conscience and approval."

"We shall look to make these principles the basis of mutual intercourse, respect, and helpfulness between our sister republics and ourselves. We shall lend our influence of every kind to the realization of these principles in fact and practice, knowing that disorder, personal intrigue and defiance of constitutional rights weaken and discredit government and injure none so much as the people who are unfortunate enough to have their common life and common affairs tainted and disturbed. We can have no sympathy with those who seek to seize the power of government to advance their own personal interests or ambition. We are the friends of peace, but we know that there can be no lasting or stable peace in such circumstances."

"As friends therefore, we shall prefer those who act in the interest of the peace and honor who protect private rights and respect the restraints of constitutional provision. Mutual respect seems to us the indispensable foundation of friendship between states as between individuals."

"The United States has nothing to seek in Central and South America except the lasting interests of the peoples of the two continents, the security of governments intended for the people and for no special group or interest and the development of personal and trade relationships between the two continents which shall redound to the profit and advantage of both and interfere with the rights and liberties of neither."

"From these principles may be read so much of the future policy of this government as it is necessary now to forecast and in the spirit of these principles I may, I hope, be permitted with as much confidence as earnestness to extend to the government of all the republics of America the hand of genuine friendship, and to pledge my own honor and the honor of my colleagues to every enterprise of peace and amity that a fortune future may be disclosed."

Statement Read to Cabinet.

The president took the above statement to the cabinet meeting to day. He read it to the cabinet which was in session for two hours and issued it shortly afterward to the press.

At the white house it was disclaimed that the statement was aimed at any particular country. It was declared that it would be sent to the diplomatic representatives of the United States in all Central and South American countries alike.

While most of the countries in the western hemisphere are enjoying domestic as well as international peace state department officials have exercised a close watch on events in Mexico, Guatemala, Nicaragua, Honduras, San Domingo, Cuba and Salvador.

While the Mexican situation was becoming more and more acute in the closing days of the last administration, reports were received at the department from its various agencies in Central America that gave much concern to the officials, indicating as they did the existence of a general spirit of unrest, and of embryonic revolutionary activity in many quarters.

STOCK MARKETS IN NERVOUS TENSION

EUROPEAN MARKETS AND CHAN-
CELLORIES ON GREAT STRAIN

New Difficulty Raised by Austria's
Refusal to Demobilize as Far as
Serbian Border is Concerned and
Refusing to Permit Servia to Aid
Montenegro.

LONDON, MARCH 11.—The European chancelleries and stock markets are being kept in condition of nervous tension. No sooner does one thorny problem seem in the way of solution than another crops up. To-night the long-expected agreement for Austro-Russian demobilization is published; the allies have accepted the powers' offer of mediation under certain conditions and arrangements have been completed for the settlement of the dispute between Bulgaria and Rumania by a conference of ambassadors at St. Petersburg presided over by Sergius Sazonoff, the Russian foreign minister.

Thus the way seems prepared for the restoration of peace in the Balkans. But at the same moment a new difficulty has been raised by Austria which objects to Servia going to the assistance of Montenegro, and is endeavoring to enlist the powers to her side to coerce Servia. Further, Austria declines to demobilize as far as the Serbian frontier is concerned.

It appears therefore that the fate of Scutari is still a menace to the peace of Europe. Austria is determined to make Scutari the capital of autonomous Albania. Montenegro is equally determined on the possession of Scutari and in the present temper of the allies it seems hardly likely that Servia will desist in her intention of going to the assistance of Montenegro at Austria's bidding.

According to despatches from Vienna and Belgrade, Greek transports are landing further large Serbian forces near Scutari.

These will assist in the capture of Scutari and a general attack on the town will commence next week.

It is understood that Russia will disband 230,000 reservists under the agreement with Austria, but that on Austria's side it can hardly be described as demobilization, since a much smaller number will be dispersed, and only from the Russian frontier.

A Constantinople despatch tonight reports that fighting has been resumed both at Tchausha and Bulair.

No particulars are given except that the Bulgarian advance posts have attacked on both wings the Turkish positions on the gulf of Saros.

Only Effects Russian Border

Vienna, March 11.—It is stated here that Austro-Russian agreement to demobilize only the Russian frontier. It makes no provision with respect to Austria's southeastern frontier.

Austria it is understood, has taken steps at London to induce the powers to act collectively in demanding the Serbian government an explanation regarding the despatch of additional troops by Servia to Durrazzo.

A growing irritation is displayed in official circles of the military party here over Servia's action, which is believed to be encouraged by the apparent helplessness and dilatory procedure of the ambassadorial conference at London. As it is well known that Servia has no real desire to see Montenegro become more powerful, her action in assisting in the attack on Scutari excites suspicion at Vienna where the opinion is held that it is designed to strengthen the Serbian position on the Adriatic.

The organs of the military party are urging Austria to take vigorous steps to guard her threatened interests without further regard for the selfish aims of the other powers. In the meantime it is declared that the forces assembled on the Serbian frontier cannot be weakened in the slightest by dispersing of the reservists.

Demobilization Announced.

St. Petersburg, March 11.—Demobilization by Russia and Austro-Hungary was announced tonight in an official communication issued by the two countries. This sets forth that the exchange of letters between Emperor Francis Joseph and Emperor Nicholas have proved the continued friendship of the two nations and that both are desirous of maintaining peace.

"The two governments, therefore," continues the communication, "have arrived at the agreement that certain measures of a purely defensive character in the frontier provinces are no longer required and accordingly have decided to reduce the Austro-Hungarian forces in Galicia to a normal footing, while Russia will disband the reservists which should have been disbanded in autumn."

A semi-official Russian agency is authorized to state that as a result of the explanations exchanged with the Vienna cabinet, Austria cherishes no aggressive policy against her neighbors in the south.

Agree to Army Increase.

Berlin March 11.—The finance ministers of the federated states have unanimously agreed to the army increase. The government's proposal to cover the initial expenditure by a non-recurrent general property tax met with general approval.

The ministers further adopted a plan for taxing the wealth of the country for the purpose of meeting the greater part of the permanent increase of expenditure, but the form this will take has not been disclosed. Several supplementary revenue measures were also agreed to.

MORE U.S. TROOPS ON BORDER

DOUGLAS, ARIZ., MARCH 11.—Col. Kosterlitzky, commanding the federal garrison at Nogales, tonight is making ready to defend that town with his 300 regulars against the 1,000 constitutionalists under General Obeon, who has threatened to attack before morning. After consultation with Captain Smith in command of the fifth cavalry border patrol at Nogales, Ariz., Colonel Kosterlitzky abandoned his announced intention of moving federal arms to the American side. He declares he and his handful of rural police will meet extermination in battle before entering America. Trains were being prepared tonight to rush United States troops from Fort Huachuca to Nogales in event of danger to the American city.

Simplex Gives Warning.

Nogales, Ariz., March 11.—A formal warning against endangering American lives was made today by Consul Frederick Simplex to both General Obeon, commanding the Sonora insurgents, and Colonel Kosterlitzky, in charge of the federal garrison at Nogales, Sonora. The American consul to the Mexican border town journeyed twenty miles south to deliver personally the message to the constitutionalist chief. The rebels are prepared to move against Nogales with nearly 1,000 men and several machine guns, reported Consul Simplex on returning here tonight. He related how he had lunched with General Obeon in the camp of the state troops, and had been assured that the fire of the attackers would be directed so as to be the least dangerous to Americans on the American side. Obeon assured the consul that he would warn him in plenty of time so that residents here could find cover. Obeon said he held a commission from the state government as commander-in-chief of all the insurgent forces. The state troops have left their trains, and are marching north with intentions of taking positions by sunrise.

Consul Simplex also conferred with Col. Emilio Kosterlitzky, who has received a formal demand for the surrender of the town. He declares he will resist. The report that Kosterlitzky had crossed to the American side is untrue. He declined to assure the consul that he would not take positions so as to draw fire to the American town.

The consul also was promised by General Obeon that if the state troops in Nogales, the Sonora railway would be opened immediately to Hermosillo and safe conduct guaranteed to all Americans.

Fifty Hour Battle Bloody.

El Paso, Texas, March 11.—Desperate fighting in an attack on Parral, Chihuahua, entailing a great loss of life in a fifty hours battle, was reported in belated advices reaching here late today. Some 1,000 constitutionalists rebelling against Huerta's national government in Chihuahua were driven back by almost an equal number of federal regulars, and the city, center of American mining and industrial interests, had escaped damage by bombardment and street fighting in which event the townspeople engaged.

The ex-insurrecto troops, who rebelled against the Huerta government and left Parral last week after mobilizing and recruiting at Santa Barbara, nearby, returned on March 5 to re-take the city. One thousand federal regulars from Chihuahua City had reinforced the 200 regulars at Parral.

On the afternoon of the fifth the insurgents attacked and the battle continued until the evening of the seventh. On the morning of the last day the rebels took the fortified hills surrounding the city, driving the federalists to cover in the town. Col. Mercado, the garrison commander, and Col. Castro, who had brought the reinforcements from the state capital, called for volunteers to re-take the outlying positions. Five hundred men responded and after charges and almost hand to hand fighting drove the insurgents from the hills.

Then the constitutionalists concentrated their fire on the south section of the town, driving the city officials from their houses and causing great loss of life to the residents. At night the insurgents withdrew. During the fighting mobs of townspeople rioted, burning the market places and attacking the banks. Volleys from the soldiers' ranks soon quieted the internal disturbances.

J. H. S. STUDENTS
CHARIVARI MAYOR

CHIEF EXECUTIVE MAKES
SPEECH AND GIVES TREAT.

Prospects Bright for Strong Baseball Team This Season—Preparations for Representatives in W. I. H. S. L. Meet Here in May—Final Basketball Game Saturday.

Mayor and Mrs. George W. Davis were given a rousing charivari Tuesday night by about sixty of the High School students. The students formed a line of march and went to the home of the Mayor 724 South West street, where a number of high school class bells were given for the mayor and his wife. The boys were cordially received and after introducing his wife, the Mayor was heard in a short address, he expressed his interest in all enterprises of High School and offered the boys his services in helping along every good cause. He then told them to go to the Peacock Inn, where the "treat" would be on him. A line of march was formed and a lock step was made around the square and to the Inn, where after refreshments were served, toasts were given by a representative of each class as follows:

Freshmen Class—Clifford Cannon.
Sophomore Class—Frank Cannon.
Junior Class—John Cannon.
Senior Class—Abner Jackson.
Harold McGinnis acted as toastmaster and in every way was the charivari was a merry time. The students feel most grateful for the thoughtfulness of the Mayor.

J. H. S. Baseball Team.

Prospects are that J. H. S. will have one of the best baseball teams in its history this year. Considerable enthusiasm has already been aroused and from present indications there will be material enough for two squads.

A schedule of eight games will be arranged if possible, three at home and five away. The schools from which games will be asked are Peoria Pittsfield, Beardstown and Springfield with a possible game against the Illinois College nine. The batteries have already begun practice in Strawn's hall and as soon as the weather opens favorably practice will be held on the diamond at the State School for the Deaf.

Candidates on Team.

The following candidates have been named for the various positions:

Pitchers—John Cannon and Chas. White.
Catchers—Harold McGinnis and Mervin Aton.

First base—Lloyd Reynolds and Homer Reid.

Second base—George Coe.

Third base—Harry Frey.

Short stop—Raymond Spears.

Fielders—Walter Boxell, Paul Wells, Leonard J. Wood, Leonard P. Wood and Homer Furr.

Prospects for Track Team.

The J. H. S. track team is an unknown quantity this season. The first men of last year's team who did not graduate are few, among them John Cannon. With the Western Illinois High School meet in view Coach Buland expects to have a squad of men at work as soon as possible. The first thing on the program will be the cross country runs and this will be followed by other athletic events, so that a line can be gotten on the various positions the men are most fitted for. It is probable that the Illinois College track will be used for practice later on.

Candidate for Declamation.

According to a ruling of the local high school only girls will be allowed to compete for the honors of representing the J. H. S. in the W. I. H. S. meet which will be held here the first week in May. There is a goodly number of candidates and some talented young ladies who will compete for honors. Work will be commenced at once in this department.

Eremporaneous Speaking.

During the chapel hour Tuesday Principal Gore told of a communication from the University of Illinois relative to an extemporaneous speaking contest which would be entered into by representatives of the various schools of Illinois, at the time of the state athletic and public speaking contests to be held in Champaign some time in the latter part of May. The idea has met with widespread approval by the heads of the various high schools.

Last Basketball Game.

The last basketball game of the season will take place Saturday night with Springfield as an opponent. Springfield has been making overtures with the local school asking that the game with J. H. S. might be shifted a day earlier, but this could not be arranged on account of the Bloomington not wanting to change time of the game they have with Springfield. On Friday afternoon Bloomington will play at Springfield. Considerable prophecy has been going around as to whether Jacksonville can win the final game of the season. Coach Buland's men believe it can be done and that the defeat administered by the Capital City lads can be wiped out.

MAKES NEW WORLD'S RECORD.
Paris, March 11.—A new world's altitude record was established today at the Buc Aerodrome by a French aviator Perreyon. In a monoplane he rose to a height of 6,900 metres (approximately 19,550 feet). The previous world's record was held by George Lagagneux, who reached an altitude of 18,776 feet at Villacoublay, September 17th, 1912.

Girls of Phi Nu Literary Society of Woman's College Please Large Audience.

"Cupid at the Varsity," a college play in four acts by Eunice T. Gray, was presented at the Central Christian church Tuesday evening by members of the Phi Nu Literary society of the Illinois Woman's college. The play was given under the auspices of the Young People's society of the church. The proceeds were divided between the two societies, the Christian Endeavor using theirs for missions and the Phi Nu members using theirs for the college endowment. The play was presented in a very finished manner by the girls and was well received with hearty applause by the audience.

WANT TOWNSHIP HIGH SCHOOL.

Murrayville Residents File Petition With County Superintendent H. C. Montgomery.

A petition bearing the names of fifty-two citizens of Murrayville and asking for the submission of the question as to whether or not that place shall have a township high school, was filed with County Superintendent of Schools H. C. Montgomery Tuesday. The petition sets forth that the district is to be six miles wide and seven miles long.

The county superintendent will call an election at once for the submission of the question, notices to be posted in the district at least ten days before the election. When the election is held the returns are to be sent to the superintendent and providing the majority favor the creation of a district, the superintendent will then call another election, this time for the selection of a president and six members of the board of education for the district.

A list of the signers of the petition follows:

C. M. Vertrees, J. L. Wyatt, R. D. Mawson, James E. Osborne, Fred Still, E. M. Jennings, Charles H. Koynce, C. Justus Wright, Jacob Tendick, Sam B. Jones, J. A. Carlson, H. B. Rimbey, A. P. MISS SPAULDING DIRECTS MUSICAL.

Under the direction of Miss Ruth Spaulding of this city, the Amateur Musical club of Springfield gave a very entertaining program of Russian music Monday afternoon at the First Congregational church at that place. Both Miss Spaulding and her sister, Mrs. Frank Bode of this city, appeared on the program, and in speaking of their numbers the State Register had the following:

Mrs. Frank Bode played Borodine's fantasia, "Prince Igor," on the violin most delightfully, and Miss Spaulding gave a splendid interpretation of "The Luck (Glinka-Balakireff)." Mrs. Frank Partridge, accompanied by Miss Spaulding, gave a beautiful group of songs; two by Monossorsky, "Kohranstehina" and "Divination by Water" and "The Pilgrim's Song" (Tschalkowsky).

The second part of the programme was devoted to the songs of Rubenstein and Tschalkowsky. Mrs. West-emberger sang "Des Asra" (Rubenstein) and Miss Spaulding gave two numbers, Rubenstein's "Barcarolle" and Tschalkowsky's "Sleigh Ride."

"The New Russia" was the topic of the third portion of the program. Mrs. Will Taylor sang two numbers, "Flowers of Love" (Borodine) and "Lilies" (Rachmininoff).

Miss Bertha Daniel and Miss Spaulding gave a duet, Glazounoff's "Ruses d'Armour," and Miss Spaulding gave a group of piano selections, Arensky's "Allegretto" and Rebi-keff's "Dance of Bells."

Mrs. Bode gave her second number on the violin at this time, "Meditation" (Glazounoff). Her work was artistic in the extreme and the members were delighted.

FRANCHISE MATTERS CONFERENCE BASIS

TRACTION OFFICIALS SPENT SEVERAL HOURS HERE TUESDAY.

Street Railway Measure Provides no Compensation Because of Proposed Coliseum Offer—Gas and Electric Franchises Much Shorter Than Previously Considered—Rates Not Threshed Over.

For more than three hours Tuesday afternoon Mayor Davis, Commissioners Brennan, Engel, Knollenberg and Newman and City Attorney Hairgrove met in Mayor Davis' office to discuss franchise ordinances with representatives of the Illinois Traction company. The visitors were H. C. Chubbuck, chief executive officer of the company, G. W. Burton, attorney, Fred G. Buffe, publicity expert and George Harry, superintendent of the Decatur utilities for the traction company and J. P. Doan, local superintendent. Representatives of the press were also present.

Just what the conference accomplished is not apparent. The street railway franchise ordinance was taken up a section at a time and a very large proportion of the afternoon was taken up discussing its provisions. Then in a very hurried way the electric ordinance and the gas ordinance were read. They are very much abbreviated by comparisons with the franchise ordinances previously considered. The sections relating to the prices charged were left blank for future consideration but Mr. Chubbuck made it plain that he would expect the present schedule of prices to obtain. While there was no open rupture it was evident that the city attorney's views did not accord with those of a majority of the council. Mr. Chubbuck and Hairgrove clashed frequently.

The street railway franchise ordinance differs only slightly from the one which was put up to the people some months ago, and defeated. Provision is made, however, that the wooden poles permitted by the former ordinance on East State street from Illinois avenue to Johnson street; on Woodland place and Mound avenue shall be replaced with iron poles when the present poles are worn out. The matter of "one man cars" is not mentioned, the clause as to equipment providing that the company shall maintain cars of the most approved finish and design and keep the same clean and sanitary. A schedule not less than fifteen minutes must be maintained and the cars must start as early and run as late as is now the case. Provision is made for early cars from west and south ends to catch the six o'clock train south on the Alton, a fare of ten cents to be allowed on this car but it is provided that this car does not have to be operated unless it proves a paying proposition. It was the opinion of a number of persons when the matter was discussed before that it would be possible for the company to operate "one man" cars without any special franchise provision if it could be shown that such cars provide good and adequate facilities for travel. All of the city officials seem agreed upon this point. Mr. Chubbuck said that the company is now spending \$33,000 in having cars of this type built and that they will be tried out in Galesburg and Quincy as well as some other places. He said the cars are being built along the most modern plans of car construction. The provision in the former ordinance for the payment of a per cent of the earnings of the company to the city has been eliminated and there is a tacit understanding between Mr. Chubbuck and the commissioners that the company will give instead to the city \$25,000 or some like sum for a coliseum provided the city furnish a suitable site. This bonus however, is expected to cover anything that the city may think should be paid for the gas or electric franchises. Mayor Davis said during the course of the discussion that he had suggested the coliseum idea and that he had put it up to Mr. Chubbuck.

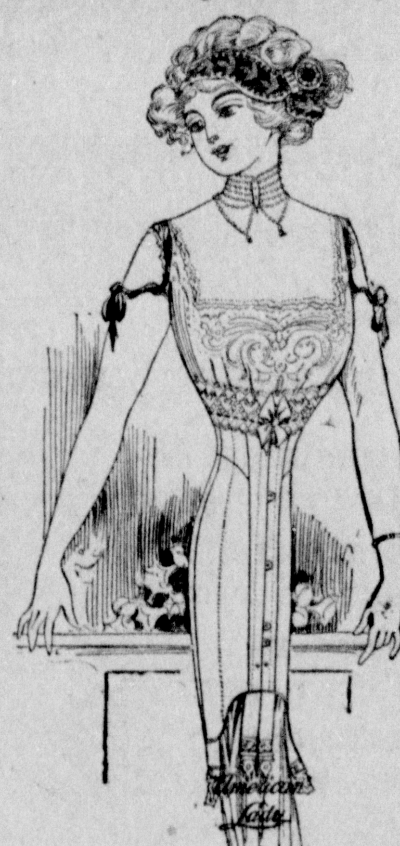

There were many sharp passages between Mr. Chubbuck and City Attorney Hairgrove, the latter stating that the ordinances were not at all like the ones he had prepared and that he did not think they properly safeguarded the city's rights. He said that he had no special objection to raise against the ordinances but said that much had been omitted which should in his opinion have been included. He laid particular stress upon the need of an option to purchase clause. He said that while the city probably would not want to purchase the railroad at the end of the twenty year period that it was hard to tell what changes might happen in that time. He made much of the idea that without the right to purchase clause that the granting of a twenty year franchise had the effect of giving a perpetual franchise. In his objections to the franchise, Mr. Hairgrove was at variance with the view of all the council except Commissioner Newman. The latter at intervals made objections to the franchises and suggested that the proper way to get at the desired results was to have the city attorney prepare ordinances and then submit them to the company. The city attorney stated that only by chance had he seen the ordinances being considered by the council and that his advice on them had not been sought.

The proposed electric and gas ordinances are for a period of thirty years. These measures as at present outlined are brief, each containing about five or six short type written pages. In the gas franchise provisions are made for the daily

THE ART OF CORRECT DRESS**Corsetry---a Modern Science**

No. 1 in a series of talks on the Ways and Means of Attaining Correctness in Dress

Corseting has developed to such an extent with in the last few years it may now well be classed as a science. A perfect fitting corset imparts that chic, graceful appearance to the outer garment which characterizes a woman as being well groomed—and the ill-fitting corset necessarily the opposite. Those who are exacting in their dress requirements choose the corset first in the season's out-fit, and have all fitting done over this model. This is secret No. 1 in the art of correct dress—if you choose the right corset.

Makers of the American Lady Corset are noted for the exactness they have acquired in corseting. "A correct model for every figure" is their claim—which means "a perfect fitting outer garment for every wearer of American Lady Corsets". We have a complete line of this celebrated make and are awaiting an opportunity to demonstrate to you their many superior points. Begin the season right this year. Buy an American Lady Corset first—and read the articles on The Art of Correct Dress as they appear from time to time.

Jacksonville is always on hand when it comes to the letting of lucrative jobs, whether under Republican or Democratic administrations, and the present is no exception. The district attorneyship in the United States court in this district is one of the plums worth picking and for that position our townsman, Judge Charles A. Barnes, is mentioned. The judge is worthy, and the Journal hopes the powers that be at Washington may award him the prize. E. G. Saye, so well known, of this city, is said to be a candidate for internal revenue collector for the district, and probably his friend, Speaker Champ Clark may turn the scale for him—Saye was formerly a Missourian, you know. But he will have opposition, as Judge Callan of Winchester, is after the same position. For pension commissioner P. Fletcher Dennis is an applicant accredited to Morgan county—although it has been a long time since he has made this county more than a possible voting place—having held a "protected" civil service job for many years. A. C. Howard, of Carrollton, and Ray Tankersley, of Mincheater, want a job as United States marshal. There are probably many others whose names have not been made public, who are all original Wilson men, of course, and they seem to have slight regard for the feelings of those poor old Republicans who now hold down these fat jobs. But the hungry Democrats should have their places. And there is Hon. Thomas F. Smith, of this city, who desires appointment as assistant attorney general of the department of justice. Next.

The decision of President Wilson that no relative can be appointed to an office under his administration places him in a class altogether alone. If he holds to his good resolution he will totally disregard precedent.

Beginning July first, packages may be sent by parcels post C. O. D., the postoffice collecting and remitting the money. This will greatly simplify the fresh egg question—the farmer sends in the eggs by post and the government sees to it that the recipient pays the bill.

Members of the legislature may be willing to allow the voters to express their preferences for United States senators, but very unwilling to O. K. their selections.

The income tax bill has become a part of the federal constitution, having been ratified by thirty-eight states, and formally announced by the secretary of state. The bill will provide a tax on all incomes of \$5,000 a year or more—but in their free trade frenzy the Democrats may tax all incomes over \$1,000—its up to them.

Governor Hadley terms the proposed recall of judges and other public officials a "judgment of unpopularity." And he is probably right—often "recall" is based upon unpopularity and not upon wrongdoing.

The story comes from Washington that Speaker Champ Clark cannot forget the treatment accorded him by Mr. Bryan at Baltimore. The selection of Wm. J. as secretary of state worries the speaker and it is claimed that he does not expect to recognize his old time friend during the next four years. It is distressing that the heads of two great departments of this government should not "speak as they pass by."

Appendicitis has become altogether too common. Anyone can be operated on for that old thing. Now comes a Boston doctor, who relieved a patient of "hypothitis," a little rudimentary organ, the function of which is not definitely known, but doctors claim to have discovered should be removed, under certain conditions. It is said the operation is a very dangerous one, that may result in blindness, but unless your bank account shows a balance above all liabilities you are probably not in danger.

A woman's court, presided over by a woman judge, is a new feature in Chicago. No man is permitted to enter its precincts. The court is to deal wholly with women who have strayed from that "straight and narrow" path, yet desire to lead a better life. An exchange says that real "results may be achieved and that there may soon be such courts in many cities. If these same courts get results, by and by perhaps the women will discover that there will be none who will rejoice more over the success of the project than the men who have long given the subject thought and have long done what they could, but who always realized that the effective work in this direction could be done by women only and who regretted that woman's inhumanity to woman had heretofore made successful work among and for the fallen almost an impossibility."

Democrats in the legislature lack a majority on joint ballot, but even if they had the power they are so divided that it would be impossible for them to elect more than one of the senators, because neither faction wants the other to win. Lewis' success means victory for Governor Dunne. Election of Boeschenstein would rejoice the Sullivan faction, because they could then see a greater share of the spoils coming their way. Let the Republicans and Democrats follow the result of the primary—Lewis and Sherman—and save Illinois from another scandal.

CHILD IS AGAIN AN ORPHAN

Seranton, Pa., March 11.—A 40-lb. Titanic was made an orphan again to day when the man who adopted her, John A. Radey, was killed in the machinery of the Lackawanna mills, where he was a foreman.

The child's parents were victims of the Titanic disaster.

MANY SUBJECTS DISCUSSED BY CHAMBER OF COMMERCE

Rating System Will be Revised—Noonday Luncheons Soon to be Resumed—Talk About Farmer Boy Corn Clubs—Oak Lawn Sanatorium Proposition.

The regular monthly meeting of the directors of the Chamber of Commerce was held Tuesday night. There was a large attendance of the directors and various matters of importance were up for consideration. President Andrews, according to the rule he has established, called the meeting to order promptly. The minutes of two previous meetings were read by Secretary Fritchey and with some changes were approved. The records included some reports made from departments and on motion of H. M. Capps, it was ordered that all such reports in the future be made separately and not appear as a part of the records of the directors. C. R. Knollenberg for the railroad committee reported that the committee had taken up with the roads the matter of discontinuing cheap excursions to Chicago and that the road officials replied that they would not have such excursions unless the people demanded them.

T. M. Tomlinson for the retail department made a report favoring a revision of the rating system and it was adopted. The matter had been considered extensively by a subcommittee consisting of C. L. Mathis, Henry Frisch and R. A. Gates, and they were in favor of a new system. The plan is to have a card index system arranged in six or eight drawers easily accessible for the person who gives the information in answer to telephone calls.

The report on promiscuous advertising was referred back to a committee for a formal report, embodying the resolution which is desired on the subject. It is hoped to have an agreement which will save Chamber of Commerce members expense for programs, the buying of tickets and other "hold up" advertising.

A resolution introduced by G. E. Doying was adopted authorizing the finance committee to approve the monthly payroll and the cost of maintaining the offices. Provisions made also for the procedure for minor expenditures without too much red tape. The by-laws were not clear in this matter.

The \$102 in the aviation fund on motion of Frank Byrns was transferred to the new furniture fund. Louis Cain was present and asked that the Chamber of Commerce agree that \$450 can be raised for entertaining the state convention of the T. P. A. if it is secured for Jacksonville the coming year. The money will not be taken from the treasury but will be raised in other ways.

The directors were unanimously in favor of resuming the noonday luncheons and Secretary Fritchey hopes to have one the coming week. He is in correspondence now trying to get a good speaker. The secretary told of writing to Mr. Charlton of the Alton with reference to the 3:31 a. m. train on that road. It is understood that the Alton is considering routing this train by way of Springfield. The directors voted to buy one of farm atlases which the Caldwell-Nelson Engineering company is to publish, based largely on data collected by C. W. Brown.

F. J. Heintz for the department of rural affairs reported that the committee had voted against the proposition of offering \$300 in prizes to have the county farmers' institute here, and the report was endorsed. Mr. Heintz suggested that his committee would like to ask the chamber of commerce to have some numbers of special interest to farmers and to work with the program committee on this matter. The directors were all of the opinion that this should be done. Mr. Heintz also mentioned the matter of boys' farm clubs and said that the committee hoped a little later to make a favorable report on the formation of such clubs in the county and the offering of substantial cash.

The movement which is being aided by the federal government has resulted in a great betterment in many localities. In some cases boys have raised 150 bushels of corn on a single acre. In scored corn in such contests yield, profit, history and prize ears for the best of awards.

J. Thompson Sharpe, R. L. Bradley and Dr. McLaughlin were present and told something of the plan to form a company here and make Oak Lawn sanatorium a sanatorium for the use of Robinson Springs water. The efficacy of the water in curing diabetes and kindred ailments was pointed out and it was shown how great a factor such institutions have been in the development of Hot cities as West Baden and J. G. Springs. F. J. Andrews and J. G. Reynolds both told of knowing something of the good qualities of the water. It is understood that the changes and improvements needed at Oak Lawn to change it into the proposed institution would cost \$15,000.

CONGRESS MUST PROVIDE FOR CONTINUANCE OF 1903 LAW

Annapolis, Md., March 11.—Unless provision is made at the extra session of congress for the perpetuation of a law passed in 1903 and which will expire next July, the number of youths who can be appointed thereafter to the naval academy will be reduced to one half.

Chronic Stomach Trouble Cured. There is nothing more discouraging than a chronic disorder of the stomach. It is not surprising that many suffer for years with such an ailment when a permanent cure is within their reach and may be had for a trifle? "About one year ago," says P. H. Beck, of Wakelee, Mich., "I bought a package of Chamberlain's Tablets, and since using them I have felt perfectly well. I had previously used any number of different medicines, but none of them were of any lasting benefit." For sale by all dealers.

The Shaughraun

Dion Boucicault's Famous Romantic Drama,
Complete in Three Parts

A GENUINE IRISH DRAMA, PRODUCED AMID GENUINE IRISH SURROUNDINGS

It is only necessary to say that in this great Irish production every scene was made in Ireland and that it was made by the Kalem Company with Gene Gnatier in the leading role. The picture is the best that the Kalem Company ever turned out.

By special arrangement with the Boucicault estate, Kalem secured the exclusive motion picture rights to this celebrated romantic play and produced every scene in picturesque Old Erin. "THE SHAUGHRAUN" is regarded by many as Boucicault's masterpiece and the role of "Conn" was a particular favorite with the noted actor-dramatist.

An Exceptional Headliner and a Delightful Evening's Entertainment.
SYNOPSIS

By the death of their father, Robert and Claire Folliott are given into the care of Corry Kinchela, an unscrupulous land agent, who schemes with Harvey Duff, a dishonest police officer, to secure possession of the children's lands. Robert is convicted on Duff's testimony and sentenced to the penal settlement in Australia. His sister, Claire, and sweetheart, Arte, are dependent upon Conn, the Shaughraun, who supplies them with food by his poaching. Several years later Robert returns to Ireland, but is captured and thrown into prison. The crafty Conn assists him to escape and feigns death when fired upon by a sentinel. It is commonly believed that Conn has been killed, and a wake is held, during which the Shaughraun learns of a plan to spirit the girls out of the country. Kinchela and his accomplices are brought to justice and the sweethearts reunited.

KNIGHTS TEMPLAR TELL

DENVER TRIP PLANS

Committee and Railroads Have Issued Circular Letter Giving Details About Special Train For Triennial Conclave.

An attractive folder has just been issued by the Chicago & Alton and Rock Island roads in conjunction with the special committee representing Hospitalier Commandery Knights Templar No. 31, giving the facts with reference to the special train which will convey the knights from Jacksonville to the thirty-second triennial conclave at Denver Aug. 12-14. The committee consists of Sir Knights, William Fairlee, John S. Hackett and Robert R. Buckthorpe.

The arrangements are told in the folder as follows:

"The committee in charge of arrangements for the pilgrimage of Hospitalier Commandery No. 31 for the above occasion have completed all details for movement by special train Jacksonville to Denver over the Chicago & Alton and the Rock Island lines which will be operated upon the following schedule:

Leave Jacksonville, C. & A. 10:00 a. m. Sunday August 10.
Arrive Kansas City, C. & A., 6:00 p. m. Sunday, August 10.
Leave Kansas City, R. I. L., 7:00 p. m. Sunday, August 10.
Arrive Denver, Union Depot 1:00 p. m. Monday August 11.

Equipment.
"The special train will consist of one buffet, library, composite car—two 12 section drawing room standard sleeping cars, two 14 section standard sleeping cars, one full sized dining car and sufficient coach equipment for the accommodation of any of the Sir Knights who do not wish to make use of sleeping cars. The above equipment is to be run through in a solid special train Jacksonville to Denver making only such stops as are necessary for operating purposes.

"Both the Chicago and Alton and the Rock Island lines have agreed that the dining car service shall be upon the A la Carte, 'pay for what you order' plan and the commissary departments have been instructed in detail as to the preparation of special menus to meet the requirements of the Sir Knights and their ladies.

Railroad and Sleeping Car Fares.
"The railroad fare, Jacksonville to Denver and return will be approximately \$25.85, tickets to be

first-class in every respect, permitting of stop-overs at any and all points enroute both going and returning and will carry final return limit of October 31st.

"Sleeping car fares, Jacksonville to Denver will be as follows: Double lower berth, \$5.50; double upper berth, \$4.50; drawing room, \$20.

The Return Trip.

"The official route selected for the return trip is the Santa Fe railroad Denver to Kansas City thence Chicago & Alton to Jacksonville. However, if you desire you may select any route between Denver and Kansas City to better suit your convenience if stopovers are desired at intermediate points. The Santa Fe have several trains leaving Denver at convenient hours for Colorado Springs from where side trips can be made to all points of interest including Cripple Creek, Manitou, Pikes Peak, etc.

"If a sufficient number of the Sir Knights and their friends desire to return in a body the Santa Fe and C. & A. will operate through sleepers Denver or Colorado Springs to Jacksonville for their accommodation. Arrangements can be made for this service before starting from Jacksonville or while in Colorado. The Santa Fe agents in Denver or Colorado Springs will keep in touch with members of our party in order to so arrange if desired.

"Hospitalier Commandery headquarters will be at the Hotel Standish on California avenue where this committee have engaged accommodations for 75 people at \$3.00 per day.

CENTRAL EXAMINATIONS.

FARMERS AND DAIRYMEN

TESTIFY IN HARVESTER SUIT

Are Witnesses in Defense of International Company in Government Suit Charging Monopoly.

Omaha, March 11.—Farmers, dairymen and implement dealers occupied the witness chair today in defense of the International Harvester company to the suit of the government charging monopoly of the harvester business of the country. Although the testimony varied it again furnished an insight in agrarian conditions particularly as they are affected by the use of farm implements.

Out of 217,000 farmers in Iowa, only 214 own more than 1,000 acres, according to statistics presented by Attorney Grosvenor for the government, to George W. Crossly, who was on the stand today. Crossly had given direct testimony as a typical Iowa farmer to show that harvesting machinery was a minor integral of the aggregate of farm machinery. He stated that of the \$3,000 worth of machinery on his farm, only \$350 represented the value of his harvesting machinery.

"Do you know that you belong to the '214' of Iowa?" Mr. Grosvenor asked the witness. Somewhat puzzled, Crossly admitted he was not aware of the fact, and then added it was possible that he could not be properly classed as a typical Iowa farmer. He minimized the importance of harvesting machinery, however, compared with other agricultural implements.

Invariably the dealers who testified today declared they had been in no way coerced into handling an exclusive line of machinery manufactured by the International Harvester company and handled it because they considered it of superior quality.

NOTICE OF PROPOSALS FOR BIDS

Sealed bids will be received for the construction of a 10-inch Vitrified Pipe Sewer, on Doolin avenue, Cox and Dunlap streets, by the board of local improvements of the city of Jacksonville, until the 15th day of March, A. D. 1913, at the hour of 10 o'clock a. m., at its office in the city hall, in said city of Jacksonville, Illinois, at which time and place said bids will be publicly opened.

It is estimated that there will be approximately 2600 lin. ft. at an average cut of about 9 ft.

Said improvement shall be constructed and made in accordance with the ordinance providing for the same, and the maps, plans, profiles and specifications for the same on file in the office of the city engineer of said city.

Proposals must be made on blanks furnished by the board and in compliance with the instructions thereto attached, which can be had upon application to the engineer, and must be accompanied by a certified check or cash, payable to the president of the board of local improvements, in his official capacity, for an amount not less than 10 per cent of the aggregate of his proposal.

Contractor shall be paid in cash or bonds, bonds to draw 5 per cent per annum.

The board of local improvements reserves the right to reject any or all bids, as authorized by the statute.

Dated, Jacksonville, Illinois, March 7, 1913.

CLASS HELD MEETING
The monthly class meeting of the Central Christian church was held Monday evening at the home of Miss Effie Wilbert with a goodly number in attendance. At the conclusion of the business, a social hour was pleasantly passed and refreshments were enjoyed.

PASTOR'S AID MEETS.

Members of the Pastor's Aid society of the Grace M. E. church held their regular monthly meeting Tuesday afternoon in the parlors of the church with a large number of members in attendance and the president, Mrs. Lambert, in the chair. The usual order of business was

transacted and reports of the various committees were heard. Mrs. Pitner, the treasurer, gave a very encouraging report of the finances of the society. The society has several orders for rugs and will meet next Tuesday for work. The social committee reported that arrangements had been made for the brotherhood

luncheon, March 20, and for the annual Easter supper which will be held the week following Easter Sunday.

You Feel Dull

If your liver is sluggish and out of tone, and you feel dull and bilious, constipated, take a dose of Chamberlain's Tablets tonight before retiring and you will feel all right in the morning.

Mrs. F. C. Cook, Farnham, N. Y., writes:

"You may publish my opinion regarding Chamberlain's Tablets, for I know that many women who suffer as I did can be cured. I had severe headache, dizzy spells, felt tired, nervous and depressed. I had tried many medicines but none seemed to do me any good until I commenced using Chamberlain's Tablets. The very first dose made me feel better and I commenced to improve at once, and it was only a few weeks till I was completely cured."

NOTICE

To Farmers and Stock Raisers

We are now manufacturing under State License, the best Brand of hog food on market known as "SURE FATTEN HOG FOOD". It is far superior to any Brand of Hog food on the market to day. It is guaranteed under the Pure Food and Drugs Act, June 30th, 1906, Serial No. 47,673. Guaranteed analysis as follows:

Crude Fat 10.00 to 14 per cent
Crude Protein 52.50 to 60 per cent
Crude Fibre 1.60 to 3 per cent
Phosphate 10.00 to 12 per cent

What Is "Sure Fatten Hog Food"

It is a dark colored granular meal, made from meat residues, and it supplies the protein and phosphates necessary for compounding a balanced ration in most economical and palatable form. It contains phosphates in proper proportion to insure strength of bone and frame work. In the corn belt bone development is a matter of serious consideration.

It is not a substitute for corn, but a small quantity fed in connection with corn or other grains gives a balanced ration. It is the most economical source of digestible protein known, containing twice as much protein as oil meal and five times as much as middlings, shorts, shipstuffs, or alfalfa meal.

TANKAGE recommended by all leading experiment stations. It is packed in one-hundred-pound burlap sack, plainly marked "SURE FATTEN HOG FOOD," analysis as above. It is the ideal feed to balance rations.

What "Sure Fatten Hog Food" Tankage Does.

It develops bone and muscle in young pigs and makes them grow. It matures a hog for market in two and three months quicker than corn alone, thereby, saving one third of the feed bill, one third of the labor, one third of the risk, increasing profits one third.

It grows better proportioned hogs, more meat, a d more fat, hence market-topper hogs. SURE FATTEN HOG FOOD TANKAGE fed hogs ship well with small shrink.

While in nowise a medicine, it so fortifies and strengthens the system against attacks of disease germs that SURE FATTEN HOG FOOD TANKAGE fed hogs are universally healthy hogs.

COD LIVER OIL AND IRON

Two Most World-Famed Tonics Combined in Vinol.

Cod Liver oil and Iron have proved to be the two most successful tonics the world has ever known—Iron for the blood and the medicinal curative elements of cod liver oil as a strength and tissue builder for body and nerves, and for the successful treatment of throat and lung troubles.

Two eminent French chemists discovered a method of separating the curative medicinal elements of the cod's livers from the oil or grease which is thrown away, but to these medicinal elements, tonic iron is now added, thus combining in Vinol the two most world famed tonics.

As a body-builder and strength creator for weak, run-down people, for feeble old people, delicate children, to restore strength after sickness; and for chronic coughs, colds or bronchitis or pulmonary troubles.

We ask you to try Vinol with the understanding that your money will be returned if it does not help you. Lee P. Alcott, druggist, Jacksonville, Ill.

Long Search of Crittenden Memorial Society of San Francisco is Rewarded By Finding of William Gordon, a Grandson of Napoleon Bonaparte.

Los Angeles, March 11.—Search by the Crittenden memorial society of San Francisco for a reputed grandson of Napoleon Bonaparte ended to day in a Los Angeles lumber yard. William Gordon, a working man, is the person sought.

William Gordon was a son of the late John Gordon, a San Francisco jeweler, who, according to the Crittenden society, was unquestionably a son of the "Little Corporal."

The remains of John Gordon rest in a cemetery near the Golden Gate. William Gordon is 65 years old. He says his father was not born on the island of St. Helena, as has been asserted, but near Edinburgh, Scotland, November 11th, 1818. John Gordon's mother was a Scotch woman—matron of the hospital at St. Helena when Napoleon arrived there on the Bellerophon—and he was given his mothers family name.

John Gordon married Amelia Jones a Welsh woman in London in 1845 and they came to America settling New London, Conn., where William was born in 1847.

"Having the blood of the great emperor in my veins has never excited me," said William Gordon to day as he turned to his task of piling lumber.

THE TEMPERATURES.

The temperatures for Tuesday, according to G. H. Hall, weather observer at Alexander, were, maximum 49 and minimum 26.

NAPLES.

On Tuesday, March 4, Eugene Oakes held a sale and sold several head of mules and horses; also implements and other chatties, all of which brought fair prices. The Ladies Aid of the Naples M. E. church supplied an abundance of soup, coffee and other refreshments at the sale and cleared about \$23. Gene Oakes will leave shortly for Calgary, Alberta, Canada, where he owns a fine improved farm close to the main line of the C. P. railroad, and small town of Blackfalds, Alta.

Mrs. Ollie Eckles, wife of Elmer Eckles, died very suddenly and was buried in Naples cemetery. Rev. Mr. Mallison preached the funeral sermon at the M. E. church to a crowded house of sorrowing friends and relatives. The casket was banked with the choicest flowers. The choir sang beautifully "Safe in the Arms of Jesus," "Nearer My God to Thee," and "It is Well With My Soul." Mrs. Otto Eckles was a splendid, good Christian woman and loved by all who knew her. The tender sympathy of all is extended to her very kind husband, whose heart is broken and home so lonely.

Do you Dear Reader, really want to forever rid yourself of Catarrh? Do you like to hawk and strain and choke and upset your stomach trying to get that accumulation of mucus from your throat every morning?

It's easy to end Catarrh if you will only try. Go to Coover & Shreve to day; say "I want a Booth's HL-OMEI ointment." Take it home; breathe according to directions the pleasant germ killing balsams from the Eucalyptus forests of Australia, and if it doesn't stop hawking, snuffling, clearing up your snuffing up head and drive out all Catarrhal misery, money back.

\$1.00 secures a complete outfit including inhaler. Extra bottles if needed, 50c. Just breathe it—no stomach dosing.

I Will Stake This Medicine Against Your Time

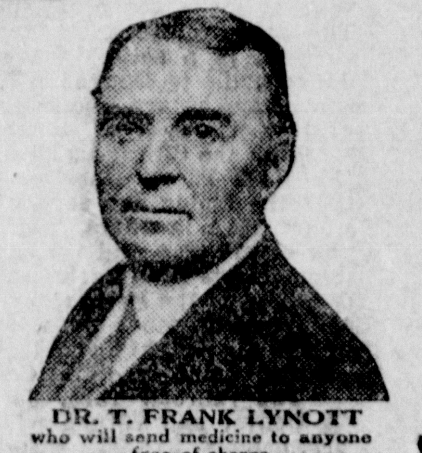

A Few Days Will Be Sufficient to Prove That You Are Curable

A few minutes of your time for a few days and I will demonstrate to you, without expense to yourself, that I have a medicine that drives Urac Acid poison from the system and by so doing cures kidney trouble, bladder trouble and rheumatism. I don't ask you to take my word for it, but simply want you to let me send you some of this medicine so that you can use it personally.

I am trying to convince sufferers from these diseases that I have something far better than the usual run of remedies, treatments and such things, and the only way I can demonstrate that fact is to go to the expense of compounding the medicine and sending it out free of charge. This I am glad to do for any sufferer who will take the time to write me. Understand, I will not send you a so-called "sample, proof or test treatment," nor will I send you a package of medicine and say that you can use some of it and pay for the rest, but I will send you a supply free of charge and you need not be asked to pay for this gift nor will you be under any obligations.

All I want to know is that you have a disease for which my medicine is intended, as it is not a "cure-all" and I give herewith some of the leading symptoms of kidney, bladder and rheumatic troubles. If you notice one or more of these symptoms you need this medicine, and I will be glad to send you the numbers of the symptoms you have, give your age, and your name and address to Dr. T. Frank Lynott, 3367 Deagan Building, Chicago, Ill. You promise me nothing; you pay me nothing for it. All I ask is that you take the medicine according to the directions I send you. It is my way of getting publicity for my medicine so that it will become widely known.

You will agree when you have used it that it dissolves and drives out uric acid poison. It tones the kidneys so that they work in harmony with the bladder. It strengthens the bladder so that frequent desire to urinate and other urinary disorders are banished. It stops rheumatic aches and pains immediately. It dissolves uric acid crystals so that back and muscles no longer ache and crooked joints quickly straighten out. It reconstructs the blood and nerves so that you soon feel healthier and more vigorous, sleep better and eat better and have energy throughout the day. It does all this, and yet contains nothing injurious and is absolutely vouched for according to law. Sufferers from these dreadful and dangerous aches can surely afford to spend a few minutes each day for a

DR. T. FRANK LYNOTT who will send medicine to anyone free of charge

few days to demonstrate to their own satisfaction if they are curable, especially when you consider no expense is involved, and I willingly give you my time and my medicine. All my fair-minded afflicted person wants to know is if a certain thing will cure HIM or HER, and here is an opportunity to find out without cost, obligation or important loss of time. THESE FEW DAYS may be the turning point in your life. All who are interested enough to write me for the free medicine will also receive a copy of my large illustrated medical book which describes these diseases thoroughly. It is the largest book of the kind ever written for free distribution, and a new edition is just being printed. I will also write you a letter telling you my medical advice that should be of great help to you; but in order to do this I must know that you need my medicine. Write me the numbers of the symptoms that trouble you, and your age, and I will promptly carry out my promises. Show an inclination to be cured and you will be.

These Are the Symptoms:

- 1-Pain in the back.
- 2-Too frequent desire to urinate.
- 3-Burning or obstruction of urine.
- 4-Pain or soreness in the bladder.
- 5-Prostatic trouble.
- 6-Gas or pain in the stomach.
- 7-General debility, weakness, dizziness.
- 8-Pain or soreness under right rib.
- 9-Swelling in any part of the body.
- 10-Constipation or liver trouble.
- 11-Pain or soreness in the kidneys.
- 12-Pain in the hip joint.
- 13-Pain in the neck or head.
- 14-Pain or soreness in the joints.
- 15-Pain or swelling of the joints.
- 16-Pain or swelling of the muscles.
- 17-Pain or soreness in the arms.
- 18-Acute or chronic rheumatism.

Hooray! Baby To Rule the House

No Longer Do Women Fear The Greatest of All Human Blessings.

It is a joy and comfort to know that those much-talked-of pains and other distresses that are said to precede child-bearing may easily be avoided. No woman need fear the slightest discomfort if she will fortify herself with the well-known and time-honored remedy, "Mother's Friend."

This is a most grateful, penetrating, external application that at once softens and makes pliant the abdominal muscles and ligaments. They naturally expand without the slightest strain, and thus not only banish all tendency to nervous twitching spells, but there is an entire freedom from nausea, discomfort, sleeplessness and dread that so often leave their impress upon the babe.

The occasion is therefore one of unbounded, joyful anticipation, and too much stress can not be laid upon the remarkable influence which a mother's happy, pre-natal disposition has upon the health and fortunes of the generation to come.

Mother's Friend is recommended only for the relief and comfort of expectant mothers, thousands of whom have used and recommend it. You will find it on sale at all drug stores at \$1.00 a bottle. Write today to the Bradfield Regulator Co., 130 Lamar Bldg., Atlanta, Ga., for a most instructive book on this greatest of all subjects, motherhood.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

FASHION RUMORS.

New Things For the Spring.

DRAPED GOWN OF PRUNE SATIN.

The new spring blouses are a marked change from winter models. We have passed through various stages; we have worn white with a veiling, then net in colors matching the skirt, and last winter we arrived at colored slips with net transparencies in which the color was again repeated, though the foundation produced the kind of effect which we called fuchsia color and wore with blue or mauve, the blouse being of cerise with an overveiling.

This indicated a change, for fashion moves along certain lines which experience teaches one to calculate, and it was easy to believe that the frankly contrasting blouse, making no attempt to harmonize itself, would be next in succession. And so it has turned out.

A little while ago we thought this style of dressing hopelessly de mode and vulgar, but there was a time when we were attached to it and delighted in the changes it allowed us to ring on a modest wardrobe. With one good black satin skirt and half a dozen blouses any woman could be well and economically dressed, and the idea was good enough until we ran it to death and got thoroughly sick of it.

Whether smart women will take kindly to it again remains to be seen. The gown of prune satin illustrated is one of the draped spring models which are both simple and elegant.

THE NEW BAGS.

Moire Affair the Latest in These Useful Accessories.

The very newest idea in bags is the moire bag. There are all sorts and shapes of moire bags, ranging from the small oblong purses to the large bags elaborately fitted out with mirror and all the vanity fixings. A handsome bag in black moire opens very wide, revealing at a glance the contents of the entire bag. On one side there is a mirror resting against the soft white silk lining and in the side pockets the cardcase, change purse and other necessities. Such a bag can be purchased for \$18.

A large round bag in black moire is edged with an inch plaiting of the moire. Another very much smaller bag has a deep pleating of the moire. The monogram should be stamped in one corner and outlined in rhinestones.

To slip into the muffs there are long oblong purses in moire with the flexible gold or platinum frames. These are really a development of the cigar and cigarette cases which pleased the men so hugely two or three years ago. The moire purses have the advantage over the fur purses of the same shape in that they can be carried with the spring suit. The old fashioned reticule with the openings at either end is now fashioned in moire and lined with white silk. These moire ones are newer than those in brocade and other eastern stuffs which made their appearance in the fall.

Vogue For Net.

One of the latest novelties among the lovely laces and the dainty robes of broderie Anglaise for the slender pocketbook is the coarse net. The wardrobe can have nothing prettier than one of the pretty slips of string colored fisherman's net and lace. The coarse net may be mounted over a color, but it is really smartest when its foundation is of the same tone, and this serves as a relief for last summer's washed out gown. The trimming must be a heavy Venetian or guipure of fillet lace, and there may be a girdle of black or colored ribbon.

The Newest Fad.

My lady's new boots are half black and half white, the white portion being on the outer side of the foot and the black sides coming together over the ankles. There is no division between vamp and buttoned upper part, the boot being, so to speak, a "two gore" model, with seams down the center front and back and one gore is of black calf and the other of white buckskin. The heels are white and also the buttons, which run up the outer side of the boot in a straight line.

MURRAYVILLE.

Mayo Wesner of Roodhouse was a caller here Tuesday.

Mrs. Mattie Zoll of Sedalia, Mo., came Tuesday for a visit with relatives and friends.

Mrs. J. E. Wyatt of Whitehall spent several days here last week with home folks.

Mrs. Alice Stansfield of Jacksonville visited Mrs. George Stansfield here Wednesday.

Ralph Crouse was quite sick last week with erysipelas.

Mrs. George Cunningham and children of Woodson spent Wednesday here with the former's parents, John Tendick and wife.

Rev. J. A. Biddle and wife are planning to entertain the married people of the church on Friday evening, March 14, in the social rooms of the church. The hours are from 7 until 10. At a later date the young people will be entertained in one group and the children in another. Special invitations will not be issued, but all are invited.

A number of our young people attended "The Spring Maid" at Jacksonville Wednesday evening.

Mrs. William Galloway and son, Clifton, spent Thursday with relatives in Woodson.

Miss Ruth Fenestemaker of Jacksonville spent Sunday with Mrs. Mary Gunn.

Robert Osborne, son of Mr. and Mrs. John Osborne, has been quite sick the past week with pneumonia.

The people of this community were shocked Thursday afternoon when the news came that Samuel Wild, son of Mr. and Mrs. J. T. Wild of this place, had been killed by a train at Manchester. The body was brought home on the evening train. Funeral services were held Sunday morning at the Methodist church, in charge of Rev. J. A. Biddle.

The Ladies' Aid anniversary will be Saturday, March 29, instead of March 19, on account of Passion week services.

Charles McCracken and wife of near Manchester spent Sunday with James Cunningham and family.

Mrs. Lou Fanning of Nortonville was the guest of Mrs. Mary Gunn Friday night.

Beginning with March 16 Passion week will be observed in the M. E. church with appropriate services every night except Saturday night, and will close with Easter services March 23. These services will be in charge of the various societies of the church, as follows: On Monday night, the Epworth league; Tuesday night, the W. F. M. S. and Queen Esther; Wednesday night, the Sunday school; Thursday night, the Ladies' Aid society, and Friday night, the W. C. T. U. On Sunday night, March 16, the pastor will preach on "The Triumphant Entrance," and Mrs. Charles Short will sing "The Holy City."

Miss Eva Guhn of Raymond, Ill., visited her cousin, Mrs. Mary Gunn, and family last week.

The following relatives were called here on account of the death and funeral of Samuel Wilds: James Astel of Indiana, George and Will Astel of Broadland, Ill., John Astel and son, Max, of Tuscola, Ill., brothers of Mrs. J. T. Wild; Mrs. Elizabeth Jackson and son, Sam, of Jacksonville, Mr. and Mrs. Edward Gallagher and daughters, Ione and Ruth Gallagher, and Joe Self of Woodson. Friends who attended from a distance were as follows: Mrs. Elsie Osborne of North Dakota, Mrs. Richard Whewell, Mrs. Charles Smith, Joseph Barnhart and wife and Roy Covington of Manchester, Charles Brown and sister, Eva, of Roodhouse, and David Evans and son, Charles, of Sinclair.

Mrs. William Lemons is reported seriously ill at this writing.

Mrs. Will Dobson of Jacksonville spent Sunday with Mrs. Martha Dobson.

Miss Alma Story of Ceres was the guest of her aunt, Miss Pearl Story, Saturday and Sunday.

Mr. and Mrs. W. T. Cook entertained a number of the Wild relatives at dinner Sunday.

The Queen Esther circle are planning for an entertainment to be given on April 11. The girls will be costumed and the program will be interspersed with music and mirth, which will furnish the community an evening of profit and delight.

Miss Stella Covington of Jacksonville spent Sunday here with home folks.

James Dobson, who has been at Jacksonville for some time, has returned to Murrayville for the summer.

Miss Helen Crouse has been detained from school several days by illness.

THE TRAIL OF THE LONESOME PINE.

As rapid development is demanded in the modern play, Eugene Walter has Fate and Fortune lay heavy upon the hero in his dramatization of John Fox, Jr.'s widely read story, "The Trail of the Lonesome Pine." Hale's partner warns him against falling in love with the mountain girl, he is told his friends will not receive her and that her kinsfolk will drive him from the country, perhaps kill him if he breaks June's heart.

There are a lot of comedy touches to lighten June's particular scenes in the play. June flashes for a moment as an odorous well-gowned woman, and the next moment she discards the attire and flies to mountain cabin in her homespun. The play comes to the Grand Monday March 17th with a strong company of New York players and a mammoth production.

Mrs. Mary Stubbiefield expects to leave Thursday to join her husband who was recently appointed one of the agents in Philadelphia, Pa., as a representative of Swift & Co. of Chicago.

CROSS ROADS.

W. E. Reynolds has had the Bell telephone put into his residence.

Vote For The Pure Shoe Law

Put a true Label on shoes Like This

grades of genuine leather. The manufacturer of such shoes is the only one benefited. The people of Illinois are the losers.

The purpose of Senator Landee's bill is to protect the people of Illinois against paying pure leather prices for shoes loaded with cheap substitutes. The retail merchant is entitled to know what he is selling, and the people of the state are entitled to know what they are buying.

The bill does not prohibit the use of substitutes for leather—but requires the makers of such shoes to sell them for what they are.

Any manufacturer who cannot sell his product on truthful representation does not deserve to be in business.

Write your Senator and Representative at Springfield and tell them you are in favor of this bill and want to see it become a law.

We heartily Endorse this measure.

We have been making honest leather shoes for years, and know from long experience that no material in the world is equal to good leather for making comfortable and serviceable shoes.

Neither the merchant nor the consumer can detect substitutes for leather in a shoe until it is worn. The only reason why substitutes for leather are used is because they are cheaper than leather. If substitutes cost as much as leather no manufacturer would use them.

Those who are opposed to this law know that as soon as their shoes are stamped to show the substitutes for leather they cannot sell them at pure leather prices. That is why they are against it.

Let the manufacturer continue using substitutes for leather if he wishes, but make him stop selling the cheap substitutes at the price of shoes honestly made of good leather.

"Star Brand Shoes Are Better"

"Star Brand" is the largest selling line of shoes in the world. One reason is that every pair is honestly made of good leather, every pair has sole leather heels, soles, and counters. No substitutes for leather are ever used.

"Star Brand" shoes are made in over 750 styles in our 23 big specialty factories by 10,000 of the most expert shoemakers.

"Star Brand" salesmen are thoroughly covering every part of the United States with a complete line for merchants who want to build up their shoe business on honest values. "Star Brand" shoes are sold by 20,000 good merchants.

Always ask for and insist upon having "Star Brand" shoes with the "Star" on the heel and our name on the sole. It is your protection against shoes containing substitutes for leather.

STEFFANSSON ARTIC EXPEDITION LEAVES SAN FRANCISCO TODAY

Discover of Blonde Eskimos Leaves on Three Year Investigating Trip in Far North Country.

San Francisco, March 11.—The steam whaling bark Karluck moored at her pier to day, ready to sail tomorrow for Esquimaux, B. C., on the voyage of arctic exploration to be undertaken under the auspices of the Canadian government by Dr. Bihljalmar Steffansson discoverer of the blonde Eskimos. The expedition expects to be gone three years. It probably will touch at Banks Land, but more particularly is pointed for the unknown, stretches of Princes Patrick's Land and Prince Albert Land. There is hope that it may find relics of the last McClure expedition of 1851-3 and the abandoned bark investigator.

Will Receive Medal.—Rear-admiral Robert E. Peary will sail next Saturday from New York for Rome where he will be presented with a medal by the Royal Italian Geographical Society of Rome in honor of the discovery of the North Pole. Herbert L. Bridgeman, secretary of the Peary Arctic Club, who with Mrs. Peary, Miss Marie Peary and Robert E. Peary, Jr., will accompany the rear-admiral will deliver an address before the society. Later the party will go to Egypt returning to this country in June.

PRaises EVANGELIST.

Evangelist Olenzlayer who is well known in this city where he has relatives and who is a frequent visitor here is conducting a revival

meeting in the Methodist church in Olin, Iowa. The Record, published in that city in commenting upon the services among other things says: "The revival meetings at the M. E. church still continue, and the interest seems to be increasing. Last Sunday at the close of the Sunday school services ten children gave themselves to the Lord, and at the night service three men were at the altar, and these converts are proving shining lights in the meetings. Rev. Mr. Olenzlayer is proving the right man in the right place. It is a great opportunity to hear such a man, and we hope that all will avail themselves of this privilege, and come out at each service from now until the close of the meetings."

PHYSICIAN SUICIDES.

Lawrence, Mich., March 11.—Dr. A. G. Six, a prominent physician of this village shot and killed himself this afternoon a few minutes before he was to consult with authorities regarding a mysterious fire which destroyed his home February 6th in which his wife and daughter were burned to death. After the discovery of the physician's body a letter was found on his desk in which he said that unjust suspicion had been directed against him concerning the origin of the fire that he was innocent of any blame.

Beginning Today, when the Doors Swing Open, This Store will Inaugurate a Tremendous Sample Sale --a Stupendous Selling Campaign.

ALWAYS ON THE LOOKOUT for high-class merchandise, our eastern buyer picked up the greatest bargain lot of fine suits for men and young men that has been our lot to own, price considered, for many seasons. "The grandest buy of 1913," wired our eastern buyer. And now that the goods are here we heartily agree with him. Three hundred new Spring suits in the latest colorings and no two alike. Really fine Suits and every size, slims and stouts, too. Wednesday, when the doors swing open this selling campaign of sample Suits will be on and the chance for the men or young men of Morgan County to buy their Spring Wearing Apparel and save one-half the cost will be here. Remember, three hundred suits of fine worsted-Casimere, in the latest Spring colorings will await you. We expect this sale to be a great success, because the goods offered are the very best and it will be worth the while for every man and young man to come in and look around, whether he wants to buy or not. Come, see and be convinced.

SPIRITED DEMAND FOR LEADING ISSUES

ENERGETIC BUYING BOOSTS STOCK PRICES SUBSTANTIALLY.

Prospects for Termination of Balkan War Said to be Responsible for Sudden Development of Foreign Demand—Call Money Maintains Its Strong Tone.

(By Associated Press)

New York, March 11.—Energy in buying of stocks in the early period of today's trading lifted prices substantially. Opening quotations showed many gains of one to two points, and there was a spirited demand for the leading stocks, especially Canadian Pacific, Reading, Union Pacific, Steel and Amalgamated. The rise in prices had been forecast by an up turn of Americans in London before the opening here. The brightening prospects for termination of the Balkan war apparently were responsible for the sudden development of a demand abroad for American stocks, and it was estimated that 25,000 or 30,000 shares were taken here by London and Berlin.

Prices were marked up so readily there was some short covering but operations for the long account were on a limited scale. The prospect for stiff money rates and the approach of the extra session of congress to revise the tariff are important influences.

Call money maintained its strong tone today and there was a further tightening of time loans.

Announcement of the Harriman lines directors that no agreement in regard to the dissolution plan had been reached and that it was expected no further meeting would be held this week, although the underwriting syndicate agreement expires on Saturday gave bear traders an opportunity to attack Union Pacific and they forced it down about two points from its high price of the day. The whole market went off to some extent but before the close prices stiffened again, and the session ended with material net gains.

FACE A SIGHT WITH TETTER

Began With Pimple. Spread All Over Face. In Agony All the Time. Itched and Smarted. Used Cuticura Soap and Ointment. Was Cured.

Moherly, Mo.—"My trouble began with a small pimple on the left side of my face and it spread all over my face and to my neck. It would be scariest red when I got warm. My face was a sight. It looked very unpleasant, and it felt uncomfortable. My face was something awful; it just kept me in agony all the time. Some said it was tetters, and some said it was that awful eczema, but I rather think it was tetters. I had been troubled with it for about two years and tried many remedies but got no relief until I used Cuticura Soap and Cuticura Ointment.

"When I would wash my face with the Cuticura Soap and apply the Cuticura Ointment it would cool my skin and draw great big drops of matter out of the skin. You would think I was sweating; it would run down my face just as though I had washed it. It itched and smarted and I suffered in the day time most from the heat from the stove. I used the Cuticura Soap and Cuticura Ointment for a month and I was cured of it. I will tell everyone I know who has any trouble of the skin." (Signed) Mrs. J. Brookshier, Apr. 15, 1912.

Cuticura Soap and Cuticura Ointment are sold throughout the world. A single set is often sufficient. Liberal sample of each mailed free, with 32-p. Skin Book. Address Post-card "Cuticura, Dept. T, Boston."

Leo Schelle of Princeton spent Sunday in Concord visiting the family of Edward Willard and other friends.

The meeting of the Ladies' Aid of the Concord Christian church on Thursday afternoon, March 6, will be long remembered by those present.

The society was entertained by Mrs. Annie M. Conover and Mrs. Rebecca Hatfield, at the cozy home of the latter in Concord. They were assisted by Mrs. Hatfield's daughter, Mrs. William Braner, of Jacksonville, and Mrs. Aura Valentine of Concord. The attendance was more than usually good, the day fair and the occasion one of great rejoicing, as it marks the final payment on the pledge made by the aid to the building fund at the dedication of the church on June 11, 1911.

The treasurer, Mrs. B. A. Cratz, made a gratifying report of the finances, and the secretary, Miss Alma Deterdink, was instructed to remit a donation to the orphans' home at St. Louis. Arrangements were made and committees appointed to take charge of the society's annual supper and bazaar, to take place on the evening of March 22. At the close of an animated discussion of other business matters refreshments appetizing, satisfying and of unexcelled daintiness were served and thoroughly enjoyed by all. The guests lingered, reluctant to leave their charming hostesses, and agreeing it was a red letter day in the society's history.

Concord Christian church is justly proud of its elderly ladies and their eagerness to assist in all good works. Mrs. Hatfield and Mrs. Conover are both on the farther side of four score years and are held in high esteem by all who know them.

ASKED INCREASED FUND.
Rome, March 11.—Francisco Tedesco, the Italian minister of the treasury in an address delivered in the chamber of deputies to day asked that the appropriation for new construction work in the Italian navy be raised to \$16,000,000.

Mrs. J. A. Swain, who has been confined at home for three months by sickness, was able to be at church Sunday, March 9.

GIVES LECTURE AT LIBRARY ON LURE OF THE STARS

Prof. Whistler of Illinois College Gave Interesting Talk Along Line of Astronomy.

A good sized audience was present at the public library Tuesday evening at 7:30 to hear Professor P. F. Whistler of the chair of mathematics at Illinois college on "The Lure of the Stars."

The Lure of the Stars.
Many of use are apt to think all unknown regions discovered and all mysteries solved in this day of high civilization and thorough scientific investigation. The generation now living can remember when the centers of all the continents except Europe and North America were a mystery; the Congo region was unvisited; the source of the Nile was unknown; Tibet was veiled and the region around the poles was wrapped in mystery. It was only the other day that news came from the north that human foot had trod the earth's axis there; within a twelve month the supreme feat has been repeated in the antarctic completing the geographical conquest of the earth and leaving no more great prize for the man of imagination and daring. But there remain plenty of other realms unexplored.

Space stretches out to lands which the mind may hope to subdue and the reason to possess although the foot of man may never tread them. A new breed of explorers have been born and are out upon their campaigns, as romantic as any deeds of man since there has been glory in daring enterprise.

For thousands of years men have gazed up into the sky and wondered what was there. Yet three hundred years ago they know little more than they did at the dawn of human history. The first voyages into this unknown were made in 1609 by Galileo who used instruments which compare to the mighty telescopes of today as an Indian birch bark canoe to the great Louisiana or Olympic.

The explorers of today can map and investigate stars whose light has been on its way to us for years. Although light travels at the rate of 186,000 miles per second, traveling the distance from the earth to the moon in a little over a second and coming from the sun in eight minutes, stars we know whose light started towards us when the Pharaohs were building the pyramids. This immense distance does not keep these modern explorers from estimating the speed or telling what metals they contain. Is it any wonder that astronomy is interesting, that many men of keen intellect and daring imagination are drawn and held by the call of the unknown "the lure of the stars?"

Evening Star Study.
"Surely no one can be out in the open at this time of year without being attracted by the number and beauty of the stars," Mr. Whistler said.

Especially prominent is the present evening star, the planet Venus, a body which receives twice as much light from the sun as we and which reflects much more light than the earth because covered with clouds. Among the more important constellations are Andromeda, Canopea, Venus and Pegasus star clusters, each of which has its mythology.

Another remarkable body is the planet Saturn, at present near the Seven Sisters or Pleiades. Saturn is surrounded by eight constellations and a system of rings, the like of which does not occur anywhere else. They are about fifty miles in diameter and consist probably of swarms of minute satellites. The thickness of the outer ring is twelve hundred miles.

Size and Brightness of Stars.
Small as the stars appear to us, many of them are larger than the sun. In fact they differ from each other in size as minnows do from whales.

There seems to be no limit to the number of stars visible through the telescope, although the number which can be seen on a clear night is not more than twenty-five hundred. Stars are visible down to the sixth magnitude.

By magnitude of a star is meant its relative brightness.

The brightnesses are said to be of the first magnitude, those a little less bright of the 2nd, those barely visible to the sixth, while telescopic stars are as high as the 18th or 20th magnitude.

Measuring Starlight.
Measurement of the relative brightness of stars is made by an instrument called the selenium photometer, a delicate light measuring apparatus based upon the principle that the metallic selenium lessens its electrical resistance as the amount of light falling upon the surface is increased. By this photometer the comparative brightness of any other star can be determined. A star in the first magnitude is two and one half times as bright as one in the second.

Variable Stars.
Variable stars are an interesting subject for study with the photometer. Variables may be periodic or non periodic. They may change slowly in brightness or blaze out suddenly and disappear. The most noted variable is Alcol whose change is due to a darker companion star revolving around it. It has a variation of 1.2 magnitudes in 68.8 hours.

Mr. Whistler has done much special work with Alcol in company with Dr. Joel Stebbins of the University of Illinois.

Books on Astronomy.
Those interested in astronomy will find many interesting books on the subject at the library. "The Friendly Stars", is especially good as is the star ways with comments in the first number each month of the Scientific American. A good book for study of the constellations is Young's Uranograph, at price 30 cents which Miss Weber will obtain for anyone leaving it. The library evening next Tuesday will be conducted by Dr. F. S. Hayden who will speak on the subject: "A Wise Guy."

AT CENTENARY CHURCH.

Special Services Are Arousing Great Interest—Themes For Sermons Are Announced.

A series of services is in progress at Centenary church which are proving most interesting. The pastor, Rev. G. W. Flagg, is doing the preaching and a chorus is furnishing the music. A fine congregation was present at the service Tuesday evening and the subject "Publicity Pays" was presented in a most attractive and impressive manner by Rev. Mr. Flagg. The following was the text, "Everyone, therefore who shall confess me before men, him will I, also confess before my Father who is in Heaven."

A gospel hymnal second revise issued by the Methodist book concern is being used in the service and is proving most inspiring. A. C. Metcalf is acting as chorister. The services are being held in the Sunday school room on the first floor and it was comfortably filled at Monday night's service. The initial services Sunday were of a high order and many members of this historic old church regard them as two of the best of the year.

The following subjects are announced for the remainder of this week: Wednesday, Gospel of a China Shop; Thursday, The Cedar Hill Maze; Friday, The Mammoth Cave Gospel. The special services will extend over the coming week.

All counsellors and group leaders in the revival movement are urged to meet in the men's Bible class room this evening before the regular church service.

DURBIN.

William Rees, E. D. Scott and Joseph Anderson were Springfield visitors Tuesday.

Mr. and Mrs. Roy W. Rawlings started to Rhode Island Saturday, where they expect to farm on a rather large scale for so small a state. This community regrets their leaving, as Roy is one of our bright, ambitious young men, who will make a good citizen wherever he is.

Miss Marie Goheen of Jacksonville is visiting Miss Irene Oxley.

George Snider, George and Thomas Oxley shipped a car load of hogs to St. Louis Tuesday.

Lawrence Oxley is home from Normal for his spring vacation.

Otto Spires was elected road commissioner Tuesday.

In the Sunday school contest the Blues are in the lead so far.

IS GRATEFUL FOR ASSISTANCE.
I am sincerely grateful to members of the fire department and to a number of private citizens who aided me in the removal of stock from my store which was threatened by fire Monday afternoon. Their assistance was greatly appreciated.

BRYCE SPEAKS OF FRIENDLY RELATIONS OF CANADA AND U. S.

British Ambassador Addresses Canadian Club at Montreal on the Future of Canada.

Montreal, March 11.—A talk which James Bryce had last week with President Woodrow Wilson revealed the American executive as friendly in attitude to a marked degree toward Canada, the British ambassador to the United States told the Canadian club in an address this afternoon. This led him to the belief he said that the relations between the two countries would in the future be as intimate as ever and probably more intimate than before.

Continuing to discuss his theme, which was the future of Canada, Mr. Bryce declared that the politics of this country and Great Britain should always be kept apart in water-tight compartments. He concluded by pointing out that the fact that the United States and Canada could live next door to one another without arming against one another was a lesson against countries providing themselves with armaments on a large scale.

STRATTON GETS FIVE YEARS.
Indianapolis, Ind., March 11.—Clyde Stratton and Fred Fernsdorf who were arrested in Chicago recently in connection with the murder of a diamond broker and turned over to the federal authorities, were found guilty to day by a jury in federal court of robbing the McCool, Ind. postoffice. The jury was out only 11 minutes. Judge Anderson sentenced each to five years in the Leavenworth prison and the men, securely handcuffed, were soon on their way to prison.

MINNESOTA MAY AID.
St. Paul Minn., March 11.—Governor A. G. Eberhart, tonight stated that he would send copies of Lieut. Gov. O'Hara's letter asking the co-operation of Minnesota in the Illinois white slave investigation to both houses of the legislature tomorrow.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. COMMITTEES IN CHARGE OF I. O. O. F. HALL DEDICATION

Men Named to Oversee Opening of
New Temple on East State Street
—Ten Candidates Take Second Degree.

At the meeting of Illini Lodge No. 4, I. O. O. F. held Tuesday night, ten candidates were given the second degree and committees were appointed to have charge of the dedication exercises of the new temple on East State street, the first week in April.

The following were those who took the third degree last night: F. W. Jameson, William McCurley, Lester Belcher, J. E. Ballard, W. G. Hadden, Harold Elliott, W. C. Ahlquist, Lafayette Lamb, W. O. Swales and B. D. Burdick.

Following the work some splendid talks were made for the good of the order and enthusiasm is rampant for the day to come when the lodge will enter their new headquarters. Noble Grand, J. Clark Rothwell, appointed the following committees to have charge of the dedication and opening of the new temple:

Executive—H. H. Bancroft, J. Marshall Miller, F. E. McDougall.
Dedication—Andrew Russel, Mathew Minter, Arthur Cody, E. E. Crabtree, E. M. Johnston.

Special session of Grand Lodge—T. S. Martin, A. B. Williamson and John Minter.

School of instruction—H. E. Frye, Arthur Cobb and J. E. Wecha.

Decorations—A. E. Phillips, T. C. Phelps and J. Shadd.

Refreshments—A. E. Deatherage, Lawrence Shert, Joseph Ludwig, George Sigfried, E. E. McPhail.

Publicity, printing and invitation—F. E. McDougall, C. C. Henderson, H. H. Bancroft, J. W. Walton and George W. Davis.

Committee on furnishings—P. G. Stein, H. E. Frye, J. Marshall Miller. This committee is now in Chicago, making a selection of furniture for the new temple and will probably have their report ready at the next regular meeting Tuesday night. Other committees will be appointed at this meeting and the staff will give the third degree to a number of candidates.

HELD PRIMARY ELECTIONS TUESDAY

FRANKLIN AND MURRAYVILLE
NAME VARIOUS CANDIDATES.

South Jacksonville Nominates President and Three Trustees—Pres. Weber Will Make Extended Visit in Germany This Summer.

The primary election held in South Jacksonville Tuesday passed off quietly, with only a light vote cast. President Weber, who has been at the head of the government since its organization 20 months ago, refused to be renominated, as he expects to make a visit this summer to his old home in Germany. Through much persuasion J. H. Hackett allowed his name to be used and he received a good vote. There were 34 votes cast and the following nominations were made.

For President—Votes:
J. H. Hackett 28

For Trustees—Votes:
William Hembrough 32

O. B. Heintz 24
Grant Graft 30

John Godfrey 6
Messrs. Hembrough and Heintz were the trustees elected for one year last year. Mr. Godfrey was not on the regular ticket, but his name was written on the ticket. There was no candidate for the office of Police Magistrate so that office will not be filled this year.

The judges were Messrs. W. B. McIntyre, J. T. Harvey and S. P. Gorman. Clerks, B. Kopmeier, S. J. Bond and John R. Hill. The primary election will be held the third Tuesday in April.

Will Visit Germany.
Herman Weber, who asked that his name not be voted on as a candidate for president, expects to be out of the city for a long time this summer. Mr. Weber has been the leading spirit in the South Jacksonville government and has given a great deal of time and thought to the best interests of the village. He expects to leave the latter part of April or the middle of May for Baden, Germany, where he will visit his two sisters. Mr. Weber left his native country in 1871 and this will be his first visit home since that time. He will also visit in England, Switzerland, France and other countries adjoining Germany. His visit perhaps will extend over a period of four months.

Considerable interest was manifested in the primaries held at Franklin Tuesday. Besides the two tickets a third (Republican) ticket developed from parties who wrote the names on the ballot. At the regular election to be held in April there will be elected a president and two trustees for a period of two years. The following was the vote:

For President—Democrat.
John Votsmeier 50

William Whalen 58
For Trustees—

W. C. Hart 68
D. A. Topliff 69

I. J. Massey 51
Evan Wood 41

Chester Hart 26
C. J. Wright 25

Citizens Tickets.
For President—

Louis Roberts 4
For Trustees—

F. P. Miller 4
J. C. Rolster 4

MORTUARY

Taylor.
Funeral services for Norman Taylor, 4-year-old son of Mr. and Mrs. Edward Taylor, who died at his home in Pekin Saturday, were held Tuesday afternoon at 2:30 o'clock at the residence of his grandfather, George Taylor, 210 North Prairie street, in charge of Rev. W. L. Dorgan, pastor of the First Baptist church. Music was furnished by Miss Carrie Spires and Mrs. J. P. Brown, with Mrs. A. H. Williamson at the piano, and the flowers, which were many and beautiful, were cared for by Miss Mayme Brown and Ida Dobson.

Interment was made in Jacksonville cemetery and the bearers were Howard Moore, Floyd Williamson, Allen Taylor and Andrew Cobb. Mr. and Mrs. Earl Taylor of Springfield were among those from a distance to attend the services.

Reick.
Funeral services for Mrs. Charles Reick were held Tuesday afternoon at 2 o'clock at the Salem Evangelical Lutheran church, in charge of Rev. J. G. Kuppler, pastor of the church. The services were attended by a large number of relatives and friends and the many beautiful flowers were in charge of Mrs. William McCurley, Mrs. John Reick, Mrs. House and Mrs. Ludwig.

Interment was made in Diamond Grove cemetery and the bearers were Joseph Ludwig, William McCurley, Gus Muehlhausen, John Ehler, Ralph Crabtree and James Baxter Kirby.

The remains of Mrs. Nettie Kirby, who passed away at Passavant hospital Monday night, were taken to Beardsden Tuesday morning at 11:28 o'clock via the Burlington, accompanied by her husband, J. M. Kirby, and James Knous, father of the deceased. Mrs. Kirby was born in Schuyler county, April 7, 1875, and is survived by her husband and several children. Interment will be made in the Gillette cemetery in Schuyler county.

Fearon.
Mrs. Sarah Fearon died Tuesday afternoon at 5:55 o'clock, after a lingering illness.

Mrs. Fearon, whose maiden name was Sarah Laventy, was a daughter of Charles and Mary Laventy and was born in Belfast, Ireland, June 5, 1834. For four years she followed the occupation of school teacher. April 19, 1856, she was married to James P. Fearon and on November 1 of that year they immigrated to America, settling in Illinois, and the deceased has been a resident of Jacksonville for a long period. She was preceded in death by her husband, who passed away October 16, 1891, two children, who died in infancy, and one son, James P. Fearon, who died March 21, 1906; also one brother, John Laventy, who died in California, Oct. 22, 1912. The deceased is survived by three children—Mrs. Rose Leary and Miss Mary Fearon of this city and C. L. Fearon of Chicago; also one sister, Mrs. James Price of Australia. Mrs. Fearon was

a devout member of the Catholic church and during her long residence in this city made a host of friends. Arrangements for the funeral have not been completed. Friends are requested to omit flowers.

Just received a fine line of Belle Mead Sweets at Coover & Shreve's East Side drug store.

BLUFFS VS. RELIABLES.

The Bluffs basketball team will play here Friday night against the Reliabilities of the Central Christian church in Strawn's hall. In the former game between the two schools, Bluffs was a winner by a score of 30 to 20, so the local boys will try and retrieve the loss.

The local line-up will be—Center, Clifford Wood; right guard, Paul Wells; left guard, Paul Strawn; right forward, Clarence Chipchase; left forward, Weir Wood. Bryan Coons, substitute.

Raymond Davis will be referee and Leonard P. Wood, umpire.

DOUBLE FUNERAL.

A double funeral was held at Winchester Tuesday when Martin Van Buren Cox, aged 72 years, and his sister, Mrs. Mary Tewksbury, aged 69 years, were laid to rest. The services were conducted at the family residence two and one-half miles northeast of Winchester, in charge of Rev. J. V. Streveys.

Mr. Cox died Friday evening at 5 o'clock and his sister twenty-four hours later at 6 o'clock Sunday evening, both deaths being due to pneumonia. One brother, Martin Cox survives. Interment was made in the Gilham cemetery.

"Gage Hats" will be shown in great variety at H. J. & L. M. Smith's millinery opening today.

MARKQUARD TO MARRY TODAY.

San Francisco, March 11.—Rube Markquard, former New York National pitcher and "Blossom" Seeley, a vaudeville actress are to be married here tomorrow.

GUILTY OF EXTORTION
New York, March 11.—Antonio Cincotto, charged by Enrico Caruso, the Grand Opera tenor with having attempted to obtain \$15,000 from him by blackmail in March 1910, was found guilty of extortion today by a jury in the county court in Brooklyn.

The Forty Years Test.

An article must have exceptional merit to survive for a period of forty years. Chamberlain's Cough Remedy was first offered to the public in 1872. From a small beginning it has grown in favor and popularity until it has attained a world wide reputation. You will find nothing better for a cough or cold. Try it and you will understand why it is a favorite after a period of more than forty years. It not only gives relief—it cures. For sale by all dealers.

WILSON FORMALLY

STATES HIS POLICY

(Continued from page one.)

of peace had prevailed the assassination of President Arango by a band of conspirators, believed to have been the preliminary movement in a revolution, startled the whole of Central America.

Charges were made that this revolution had been fomented from outside, in Guatemala. In that same country there were hints of trouble. Then came reports from New Orleans that a combination was being effected between the Zelayistas, and discontented elements in Honduras, looking to double revolutions first in Honduras and later in Nicaragua. Costa Rica appeared to be the only peaceful spot on the Central American map.

Personal Ambition Cause.

The general tenor of the official reports was to the effect that threatened disorders had no foundation in abuses of power on the part of the existing governments of the republics but were based almost entirely upon personal ambitions of various would-be leaders and soldiers of fortune, who designed to overturn the established governments and maintain themselves in power by force of arms and without reference to the will of the majority of the people.

Conditions became so acute just before the close of the Taft administration as to cause the despatch of the big armored cruiser Colorado, first, and later the gunboat Denver, down the west coast as far as Acapulco, in Salvador.

The Wilson administration is now considering whether there shall be a change in the plans for the spring practice of the Atlantic fleet, due to sail from Guantanamo, Cuba, next Monday for Hampton Roads. It has been suggested that the ships should be kept at Guantanamo until conditions in Central America are more settled. It is possible that the four battleships, now at Vera Cruz and Tampico will remain there for the present while the rest of the fleet proceeds northward.

ore Home Rule.

Washington, March 11.—The Wilson administration will seek to give Porto Rico a larger measure of home rule by the appointment of Porto Ricans to the local offices under the island government, according to Secretary of War Garrison who discussed Porto Rican affairs with the president today.

"Wherever competent men can be found in Porto Rico for purely local positions such as postmasters, all appointments will be made from among island people," said the secretary.

National Democratic Committee-man H. W. Dooley of Porto Rico talked with the president and Secretary Garrison today about the policy of the administration toward the islands' government.

DRIVING CLUB MEETS.

The Jacksonville Driving club held a meeting Tuesday afternoon at the Ayers bank building. They met with Nathan Purviance of New Berlin. Mr. Purviance is a well known horse trainer and he desires to come here and conduct a business. Plans were talked over relative to building a large barn, 30 feet by 80 feet and it is possible that such a structure will be erected. The club intends to make the races this year more popular than ever.

Charles Long of Coffeyville, Kan., is visiting with his parents, Mr. and Mrs. James Long of Grace Chapel neighborhood who have not been very well the past few weeks.

C. E. Williamson was a business caller in Franklin Tuesday.
Miss Georgia Lutkemeyer will hold a story hour this afternoon at 3:45 at the public library. She will give Snow White, one of Grimes' fairy tales. The parent-teacher's association expect to give this production as a benefit play at the Majestic Friday.

FOUR MEETINGS AT ONCE IN BANK ASSEMBLY ROOM

Popularity of Meeting Place in New Building Grows Rapidly As Time Passes.

The growing popularity of the assembly room of the Ayers bank building as a place for business men to meet was amply illustrated Tuesday, when four different organizations held conferences there, and all at the same time. They included a meeting of the park board, a joint meeting of the park board and chauntiqua committee, the Jacksonville Driving club and the commissioners of road district No. 7.

At the time of the construction of the Ayers bank building considerable thought was given to this particular part of the building, as the management had in mind that there should be some place in the city where a farmer, merchant and all citizens could assemble in business consultation. It is gratifying to see how splendidly the assembly rooms were equipped, with every facility for the comfort and convenience of the public. It is also a pleasure to note the open door which the building has for those who want to meet there and it is safe to predict as the days come and go the public will avail themselves more of this unusual opportunity.
